GAME 2

The Princess Blankets

Collaborate

Save the trees! Forest fires are a common thing in places like Australia and California. As in the book, the princess is given the forests to keep her warm. Regenerate the forest in our world.

One person to host. This is a team event. All players are to play in the same world.

The trees need cutting down, They are too far gone to save.

Regeneration of the forest. How can you use the knowledge of farming in Task 2 to help regenerate the forest as it was with different species?

Save the bees! Use your knowledge of farming to think about how to breed bees.

A bee's nest is precious - bee careful how you treat it!

Teamwork

Who's chopping? Arrange your team so that you can all work on the big challenges, research together and discover the area.

Bees need sunshine. How will you get the bees to come out and look for flowers? It's dark, the princess's visitor has kept us in the dark so far.

How can you move a bee nest? Your research skills need to be tip top for this tiny task.

Those burning trees are TALL. As Alex or Steve, you can only chop from so far away. How are you going to chop to the top?

Axes need sharpening - How can you keep your axes sharp?
